NCEB 1233

Turning the System On

- Press the **[POWER]** button on the projector remote.

Using a Laptop

- Connect your laptop to the end of the VGA cable that is not connected to the input panel.
- Select the **[INPUT]** button on the projector remote and select the appropriate input.

Note: Depending on your laptop model, you may need an adapter. Adapters can be borrowed on short term loan (4hrs.) from an Engineering IT Help Desk.

Using Display

- Make sure display is plugged in and turned on
- Plug device into HDMI/VGA and display is on correct input

Turning the System Off

- Press the **[POWER]** button once. It will take a minute or two to cool off and shutdown.
