

Siebel Center 0220

Turning the System On

- Use the black projector remote to turn on the projector using the **[Power]** button.
- The projector will take a minute to start up. You may now select your source.

Using the Resident PC

- If the resident PC is not already displaying, press the **[Computer]** button on the projectors remote.

Turning the System Off

- Press the **[Power]** on the remote twice to turn off the projector.
- The projector will begin cooling and shutting down. This process takes approximately 2-3 minutes.
